**Rowlett, Texas - Double homicide. 5801 Eagle Dr. Press Release # 2.**

The investigation of the double homicide continues. The following release was provided to the Rowlett Police Department by Darlie Kee, mother of Darlie Routier "We appreciate everyone's prayers and concerns, but the attention needs to be focused on finding the person that killed these two babies. Anyone who might have seen something, please contact the Rowlett Police Department."

At a 10 a.m press conference Police Chief Randall Posey advised that Mrs. Routier had advised officers that she was attacked by a male wearing dark clothes and a base ball cap. That is the only description available at this time. A ground floor window screen at the home was found to have been cut and may be a possible point of entry for a suspect.

The 911 tape of this call will be reviewed tomorrow morning by investigators to determine if it contains any additional information of use. After the review, if it is not taken as evidence, we will establish procedures for media release of the call. Counseling for neighbors and others affected by this case will be provided by Steven Leatherwood, Chaplin for the Rowlett Police and Fire Departments. Dr. Leatherwood may be contacted at his office at 475-3510.
